

## Equestrian South Australia

### Horse Sampling Stewards NOAS Training and Refresher Course

Equestrian South Australia is holding an accreditation/refresher course for stewards interested or active in the medication control (swabbing) of horses at ENSW events.

Attendance is open to all ESA Horse Sampling Stewards, general and FEI stewards, other officials, event organisers and any members who have an interest in the practice of medication control and want to learn how to sample horses.

Interstate stewards are welcome.

The course is being run over 2 sessions Sat afternoon and Sunday morning
