

## INFORMATION FOR SHOW ORGANISERS

It will be particularly important if you have been allocated one or more of the following Jumping events that make up our Annual State Jumping Awards, Championships or Series Events.

- SA Country Championships

We wish you every success for your event.

## JUMPING SA - ROLE OF THE COMMITTEE

The role of the Equestrian South Australia Jumping Committee (known as Jumping SA) is to manage and promote jumping within South Australia. The Jumping SA committee is the sole rule making body of jumping in South Australia and will take direction from the National Jumping committee (NJC) and the ESA Board.

Through Equestrian SA's website [www.sa.equestrian.org.au](http://www.sa.equestrian.org.au) you can access the contact details of current committee members and the Job Description Policy which describes their responsibility to manage the sport.

[click Sports / Jumping SA / About Jumping SA / Jumping SA Committee or Committee Role](#)

From the Jumping SA section, you can also access Show Dates, National Jumping Rules, Leaderboards and Squad information.

## SCHEDULING JUMPING EVENTS FOR THE ANNUAL CALENDAR

The Jumping SA committee will conduct an annual meeting (usually in May) inviting representatives from all of the SA Jumping Clubs. The meeting will allow Jumping Clubs to discuss and negotiate dates for their events for the next 12 months, avoiding any possible clashes with Agricultural Shows and other key events.

The agreed calendar dates must be approved by the Jumping SA committee and cannot be altered without their endorsement.

*The Jumping SA committee will provide all jumping clubs with information for their web pages where appropriate.*

## APPROVAL OF PROGRAMS

All Jumping Event programs are to be presented to the Jumping SA's Program Approval Panel (PAP) for approval before being publicised. If applicable, Show Organisers will be advised of any recommended amendments. For full details visit Equestrian SA's website [www.sa.equestrian.org.au](http://www.sa.equestrian.org.au)

## ORGANISING COMMITTEES / JUDGES AND COURSE DESIGNERS

Organising Committees (OC) are reminded to only utilise the services of qualified EA Judges and Course Designers who are certified to judge/build at the appropriate level of the competitions at your show. They must also be current financial members of EA.

Please remind your officiating Judge and Course Designer of their expectation to be familiar with the rules and guidelines pertaining to the State Award and Series classes and apply them in addition to their knowledge of the current Australian National Jumping Rules and EA General Regulations.

Reminder: All competitions 1.05m and above with 15 or more horses and which carry a total of \$200 or more in prize money will count for points. ***There are some exceptions to this rule as outlined under Article 283 of the EA National Jumping Rules.***

OCs should obtain the full name and EA number of both horse and rider via their entry system.

Judges are to record all placegetters with the full name and EA number of both horse and rider. This will help with the correct identification for administration recording responsibilities as required by Equestrian Australia, ESA and Jumping SA. Judges/OC are required to send the score sheets electronically to the ESA Office [reception@equestriansa.com.au](mailto:reception@equestriansa.com.au) within 7 days, as per EA General Regulations (article 109).

*Separate results from Award and Series classes (excluding SA Country Championships) indicating 1<sup>st</sup> - 5<sup>th</sup> place also need to be reported to Jumping SA after the show so the Leaderboard can be updated without delay. Where possible, a representative from Jumping SA will obtain these details from the Judge at the show. Alternatively, a photograph of the relevant score sheets can be emailed to [sashowjumping.chair@gmail.com](mailto:sashowjumping.chair@gmail.com)*

## RUNNING CLASSES CONCURRENTLY

Jumping classes can be run concurrently. It is a great way of offering two separate classes within one. You must state in the program which events are run concurrently and that Horse/Rider combinations can only enter in either Class A or B, not both. As an example:

Class 1A. Junior 1.05m. Article 238.2.2

1<sup>st</sup> \$... 2<sup>nd</sup> \$... 3<sup>rd</sup> \$... 4<sup>th</sup> \$...

Entry \$...

*Class 1A and 1B will be run concurrently. Horse/Rider combinations can only enter either A or B, not both.*

Class 1B. Open 1.05m. Article 238.2.2

1<sup>st</sup> \$... 2<sup>nd</sup> \$... 3<sup>rd</sup> \$... 4<sup>th</sup> \$...

Entry \$...

*Class 1A and 1B will be run concurrently. Horse/Rider combinations can only enter either A or B, not both.*

### **Split Concurrent Height Competitions**

*When more than one competition is run within the same height competition, only the competition(s) with the relative restrictions and that meet the point system criteria will count for points. Horses will only be eligible to compete in one competition. To reduce the time required to run these competitions, separate draws are recommended. See Article 283.5 of the National Jumping Rules for more detailed information.*

## AMATEUR CLASSES (outside of the SA Amateur Series)

We encourage and support the inclusion of Amateur classes. Again, these classes can run concurrently with another class.

***See Article 255 Amateur Riders, Juniors and Young Riders of the EA National Jumping Rules for eligibility and course restrictions.***

*Separate results from Award and Series classes (excluding SA Country Championships) indicating 1<sup>st</sup> - 5<sup>th</sup> place also need to be reported to Jumping SA after the show so the Leaderboard can be updated without delay. Where possible a representative from Jumping SA will obtain these details from the Judge at the show. Alternatively, a photograph of the relevant score sheets can be emailed to [sashowjumping.chair@gmail.com](mailto:sashowjumping.chair@gmail.com)*

## SA COUNTRY JUMPING CHAMPIONSHIPS

As a tribute to Henly Exell's contribution to jumping in South Australia, the Henly Exell Cup is awarded to the winner of the SA Senior Country Jumping Championships.

The Jumping SA committee recommends allocation of the SA Country Championships based on the following factors.

1. The Show is conducted at a venue with suitable grounds and facilities.
2. The Show committee has a history of being capable of conducting a class of this nature.
3. The Show has a history of attracting reasonable entries.
4. The Show would benefit through increased status if conducting this class.

The class must be a minimum of 1.30m. There must be at least 2 vertical fences at 1.35m and 2 spread fences at 1.30m high by 1.50m wide. The first fence and the first fence of the first combination may be 1.25m.

Any Agricultural Show that meets the class requirements (or a Show located 100kms from the Adelaide CBD that meets the class requirements), may apply to run the SA State Country Championships.

If the show has been allocated a round of the Balharry Cup, this class can also be the Country Jumping Championship Class, BUT Balharry Cup rules must apply.

*The Henly Excell Cup is held at the ESA Office and will be awarded in the name of the winner. Shows holding this event may present a token trophy on the day.*

**NOTE: A Junior Country Championship class can be run at the same approved show with or without a Fosters Cup, BUT Fosters Cup rules must apply.**
