

SELECTION PROCESS for the 2021 EQUESTRIAN SA INTERSCHOOL STATE TEAM

SELECTION PROCESS

Selection for the Equestrian South Australia (**ESA**) Interschool State Team (**State Team**) to represent South Australia at the Australian Interschool Championships will be determined by ESA after the final qualifying event for the 2021 ESA Interschool qualifying season (refer to the ESA Interschool Competition Calendar).

Please note that ESA needs to consider the following EA National Interschool Rules and EA National Show Horse Interschool Rules when determining State Team selection:

- each State is allowed a maximum of 4 qualified riders per class (see Annexure A for the list of classes available at the Australian Interschool Championships) (**class**);
- States may establish reserve lists based on ranking, from which to draw upon alternative team members prior to the close of nominations;
- if a withdrawal of a team rider occurs less than 1 month before the commencement of the Australian Championships, the place may only be filled from within the existing team members;
- the organising committee (of the Australian Championships) determines the rules and procedures regarding substitution of a horse for a team rider;
- at the Australian Interschool Championships, riders may compete with more than 1 horse and in multiple disciplines with a recommendation of 2 classes per rider. The organising committee (of the Australian Championships) may accept a maximum of 3 classes due to scheduling or horse welfare reasons; and
- at the Australian Interschool Championships, a horse and rider combination:
 - cannot compete in eventing and Combined Training;
 - may only complete in one Combined Training class; and
 - may only compete in one Show Horse class, ie must choose between Show Horse, Show Hunter or Working Hunter.

NOTE that the National Interschool Rules may be amended prior to the State Team selection. Any amended rules will be uploaded onto the ESA website.

At the time of State Team selection, ESA will contact any horse and rider combination that has qualified in multiple classes to determine which class/es they wish to enter for the Australian Interschool Championships.

REGISTRATION

For a horse and rider combination to be considered for selection on the State Team, the combination must be registered for Interschool (registration via Nominate) and return to the ESA office a completed and signed School Consent Form (available via Nominate) **before** the date of the qualifying event that the combination wishes to compete in. Note that each rider must also be a current ESA member in order to compete at the qualifying events.

POINTS AND SCOREBOARD

In determining selection for the State Team, ESA will consider the **best two results for each horse and rider combination (provided that they are qualifying performances) from any of the qualifying events.**

In order to assist with ranking of horse and rider combinations for State Team selection and for determining the High Point Discipline Champions, points will be allocated for each class at every qualifying event. At qualifying events (except the ESA Interschool State Championships), the first 20 place getters in each class will be allocated points from 20 to 1. At the ESA Interschool State Championships, the first 25 place getters in each class will be allocated points from 25 to 1.

An Interschool Scoreboard will be prepared and updated after each qualifying event, which will show the points given to all horse and rider combinations registered for Interschool. This Scoreboard will be available on the ESA website.

Please note that **no points** will be allocated if the combination:

- does not achieve a qualifying performance (see below) (eg, if a rider places in prelim dressage but scores less than 60%, no points will be allocated); or
- has not registered for Interschool before the date of the qualifying event.

QUALIFYING PERFORMANCES*

In order for a horse and rider combination to be considered for selection on the State Team for a class, **that combination MUST achieve the following qualifying performances for that class at any of the qualifying events:**

Dressage: At least 60% (for Prelim and Novice) or 58% (for Elementary and above) in a (b) test and a (c) test at that level, obtained at 2 separate events

Show Horse/Hunter/Working Hunter: 70% in each phase of the class.

Combined Training: 2 classes with at least 60% for the dressage phase and no more than 8 penalties in the show jumping phase.

Show Jumping: 1 class with no more than 4 penalties, and 1 class with no more than 8 penalties.

Eventing: One class with:

- at least 55% for the dressage phase
- no more than 20 jumping penalties and 36 time penalties in the cross country phase
- no more than 16 penalties in the show jumping phase

And one class with:

- at least 55% for the dressage phase
- no jumping penalties and no more than 36 time penalties in the cross country phase
- no more than 8 penalties in the show jumping phase

*If the State Team for:

- any class consists of less than 4 riders, ESA may (in its discretion) consider non-qualifying performances from a qualifying competition; and
- an eventing class consists of less than 4 riders, ESA may (in its discretion) consider results from Interstate competitions or from one event only.

INTERSCHOOL
SOUTH AUSTRALIA

Annexure A

Classes available at the Australian Interschool Championships
