

ESA Eventing Levy

There is no mistaking that events are expensive to run and also demand considerable volunteer time. Those organising and setting up events invest a significant amount of time and often personal finances to run them. However, a component of the event fee is an ESA eventing levy set at \$20 + gst for 2021/22. The levy is applied to all riders across all of our events to enable the Discipline Committee to have funds to support OCs and the sport in general where needed.

Eventing discipline committees in all states collect an eventing levy for the purpose of supporting and developing eventing This is a guide to what happens to the levy you pay.
