What I think I can bring to jumping SA!

Being a current rider who is competing most weekends at a reasonable level, I understand what riders are wanting and needing to help our sport go forward. My experience of being on the Eventing committee, can help jumping SA go forward with squad clinics and helping our juniors go forward.

Wayne Spencer

I have been involved in showjumping as a brief competitor and father of a competitor for the last 6 years. I am a member of the Eyre Peninsula ShowJumping Club and have been President and now Vice president of the club for the last 3 years.

I live in Port Lincoln and am a business owner.

Susie Verco

I have been competing in Showjumping for 20 years, producing multiple horses to Grand Prix level, with 2 of those horses going on to World Cup level. I have been on the State Squads for Showjumping, Dressage and Showhorse, and I understand their value to riders. I am an EA Level 1 coach and secondary school teacher. I have successfully organised the Urrbrae Interschool Gymkhanas, with jumping, dressage, showhorse and novelties, when we had access to the grounds.

I would like to help structure the Showjumping calendar/ leagues and programs, in a timely manner, to help all competitors get as many opportunities to compete as possible in the long term. I understand that horses and riders have set backs, so being able to regain confidence is very important, along with being able to reward success as you become competitive at the next height. I have been developing a 'High Point Handicap' system, that takes into account the height, place, jumping and time faults, that I believe is an equitable way forward.

I would like to structure some 'at shows training' to help people learn the skills required on their journey to become a Judge, Course Builder or Official.

I look forward to collaborating with you to help make Showjumping accessible and fun.
