

Eventing SA Performance Medals for EvA 65 and 80 cm riders.

Horse and rider combinations will be awarded eventing medals for achievement at EvA65 and 80 levels. These can then be worn on the rider's jacket. Please see the design below.

Within a two year period a horse and rider combination needs to achieve three results at SA events finishing on or below the required score. The current period is from 1st July 2023 to 30th June 2025.

- Within a single two year period a horse /rider combination may be eligible for one medal. For example if they achieve three scores between 34-36 , as per the chart below, they will earn a bronze.

In future two year cycles, the combination may earn a higher medal but not a subsequent medal of the same or lower for the same level.

- If a combination has achieved a gold, no further medals for that combination will be attainable at that level.
- All EA eventing results can be used, both South Australian and Interstate.
- A rider must have been an ESA member throughout the competing period.
- Riders will be invited to apply for their medal by supplying a record of their qualifying results at the end of each financial year.
