

Letter to ESA Coaches

Important information for all ESA Coaches

Introductory & Level 1 Assessment day(s): The ESA Coaching Committee is organising an Introductory Coaching and Level 1 Assessment day(s) which will be held in the last week of August 2022. This is for any coaches who are interested in completing their Introductory or Level 1 coaching, fast tracking to Level 1 Coaching or completing practical coaching assessments. If you would like to get the majority of assessments done on the one day at the one venue using demo riders organised by the ESACC then this is a great opportunity for you. The Assessments would be at a venue TBA (eg. Multiple arena's to enable as many assessments to be undertaken as required) and undertaken by our ESA Coach Assessors. So, if you have been procrastinating about either finishing your Introductory Coaching or upgrading/fast tracking to level 1, this would be an excellent opportunity. Please let any of our Coach Assessors know if you are interested (their contact details are on the ESA web page under 'Find a Coach') or email the ESA Coaching Committee at coaching@equestriansa.com.au

Helmet Tagging: All coaches need to remind their students who compete in official EA competitions, now including dressage and endurance riding, that helmet tagging is compulsory as of 1/7/2022. South Australian Official, Sue Brown, can be contacted on 0409090547 for times and dates.

Please feel free to contact the ESA Coaching Committee via email, coaching@equestriansa.com.au if you have any queries.
